Hi, I'm a recent software engineering graduate skilled in React JS, Java, JavaScript, HTML, CSS, and Node.js. I'm eager to contribute to innovative projects and grow as a professional in a dynamic company.

EDUCATION

Bachelor of Technology
SRMCEM (Lucknow)

11/2020 - 05/2024   *Lucknow, Uttar Pradesh*

Course
- Computer Science and Engineering

Intermediate
Little Flower House

03/2018 - 04/2019   *Varanasi, 70.4%*

PERSONAL PROJECTS

Let's Chat (06/2024 - Present)
- **Description:** Developed a real-time chat application that allows users to send and receive messages, photos instantly.
- **Technologies Used:** React JS, Google Firebase, JavaScript, HTML, CSS.
- **Features:** User authentication and authorization using Firebase Authentication.Real-time messaging powered by Firebase Firestore.Responsive and intuitive user interface built with React and CSS.Integration of Firebase Cloud Messaging for instant notifications.
- **Responsibilities:** Designed and implemented the front-end using React JS. Set up and managed the Firebase backend for real-time data storage and retrieval. Ensured a seamless user experience with responsive design principles. Tested and debugged the application to ensure reliability and performance.
- **Update :-** Currently working on improving user experience
- **Working Demo :-** *Let's Chat*

Weather Web App (08/2023 - 08/2023)
- **Description:** Developed a weather application using React JS, JavaScript, HTML, CSS, and an external weather API. The app provides real-time weather information such as temperature, humidity, and weather conditions based on user location or searched cities.
- **Features:** Implemented a clean and user-friendly interface ensuring accessibility and responsiveness across devices Integrated dynamic background changes based on weather conditions for enhanced user experience. Managed API integration, data parsing, and display logic to ensure accurate and up-to-date weather information.
- **Technologies Used:** React JS, JavaScript, HTML, CSS, External Weather API.
- **Working Demo :-** Weather Today

TRAINING

Internshala Trainings
Internshala (Remote)

06/2023 - 08/2023   *Remote*

Achievements/Tasks
- Frontend Development Training (HTML, CSS, JS, React.js, MYSQL, Bootstrap)

SKILLS

React.js   Java   JavaScript
MYSQL   HTML   CSS   Node.js
Git

CERTIFICATES

Software Engineer Intern Certificate (Hacker rank) (07/2024 - 07/2020)
Completed HackerRank's Software Engineer Intern Certificate program Demonstrated strong problem-solving skills and proficiency in database querying.

SQL (Hacker Rank) (02/2024 - 02/2024)
Earned HackerRank's SQL Certification by completing two challenges. Demonstrated strong skills in database querying, management, and optimization.

SQL (Hacker Rank) (01/2024 - 01/2024)
Earned HackerRank's CSS Proficiency Certification by mastering challenges in styling and layout design. Applied responsive design principles and UI/UX best practices to create visually appealing web interfaces.
